

**“North  
Brunswick  
People  
Speak Out.”**

**Hear what your neighbors  
have to say about their town!**

“I’m Mayor Fred Gilbert. Along with my running mates Jim Heffernan and Jim Orso I am running for re-election to the Township Committee on the Republican ticket.

A town’s reputation isn’t made overnight. It has taken years of dedicated performance by your present Administration to make North Brunswick the outstanding community it is today.

We’re proud of what the Republican Administration has accomplished for North Brunswick. But we believe there’s no substitute for hearing from the people themselves . . . what North Brunswick means to them, why they moved here, and what they like about our town.

I invite you to play this record on your home phonograph. Listen for a few moments, please, and hear what the citizens of North Brunswick have to say.”

“I’m Don Decker. I’m an executive with Western Union. I live at 987 Glenn Avenue in North Brunswick Village.

I’ve lived here for seven years now and I’ve had a chance to witness the growth of our township. Up to now I think growth has meant opportunity for North Brunswick.

But in the wrong hands growth could certainly present a lot of problems.

I know we can’t stop or prevent growth, but the point is that with the present Republican Administration we can count on quality, orderly growth. That’s why I’m voting for Fred Gilbert and his running mates for the Township Committee.”

“I’m Steve Brown. I’m 16 years old and I live in Colonial Gardens. I’m a junior at New Brunswick High School and I’m on the varsity football team.

I like sports and I think the North Brunswick Recreation program offers a lot for any teenager. I don’t know much about politics, but I do know Jim Orso, and he helped me and a lot of other young boys in Pop Warner football. I also know he’s running for Township Committee. I think he’ll do a fine job.”

“My name is Ray Pohlke. I live with my wife, Lisa, in the North Village apartments. I think the Republican Administration is doing a fine job. Take the Hidden Lake area for example. I remember how the Democratic candidates claimed the Hidden Lake development would ruin North Brunswick.

But I have to give Fred Gilbert a lot of credit for having the courage and foresight to fight for what he believed was right. And instead of destroying North Brunswick, the Hidden Lake area as you can see is now a beautiful addition to the township.

I also see where we are getting new industries to locate there and that should help improve our tax picture. I call this good planning . . . and that’s why I want to see the Present Administration continue in office. We need good planners.”

## **"This is the most important election in the history of North Brunswick ..."**

**“**Hi, I'm Bob Cramer of Independence Blvd. I am another resident who is proud of North Brunswick. But I am also a member of the Township Committee and am serving as campaign manager in this election. I would be urging you to vote for our local Republican candidates under any circumstances. But this year there is an extra reason . . . an extremely important reason.

On November 2nd, you will not be deciding simply between Republican and Democratic candidates. This year control of your Township Government is at stake. In effect you will be deciding with your vote whether you want to continue the proven record of your Republican Administration . . . or whether to deliver your township into the hands of a party which locally has no record, except one of criticism and opposition, even to programs which have proven to be beneficial to North Brunswick.

The future of North Brunswick is at stake. In your interest, and in the interest of North Brunswick, I urge you to vote Republican on November 2nd. **”**
